

<b>Project ID</b>	<b>M007A04-2004</b>
<b>Project Type</b>	MEDA SCM 2004 Training Project
<b>Target Country</b>	JO
<b>Title</b>	T3: Training Trainers for Tempus and other educational programmes
<b>Objective</b>	The project aims at contributing to the higher education development and reform in Jordan by upgrading and strengthening the project management skills of academic and administrative staff in University of Jordan in view of successful implementation of educational cooperation projects. To achieve this goal, a two-week training course is designed to respond the project specific objectives: (1) Development of personnel skills and abilities to project design and presentation; (2) Specific training of the university and administrative staff for effective project management based on quality instruments of monitoring and evaluation. The Training course addresses to University of Jordan academic and administrative staff with responsibility for international cooperation at faculty/department, research and training centre, or central administration level. The work methodology and didactic approach of the Training course will consider a mix of plenary presentations; case studies; practical work in small groups; debates; simulation of project writing chapter by chapter; assessment of performed work, with different focus according to the composition of course attendance.
